NAPLES — Fiddler's Creek has been awarded its second consecutive Distinguished Emerald Club of the World designation — an honor attained by only 4% of all international private clubs.

The designation comes from a report by BoardRoom magazine, according to a statement. The Distinguished Emerald Club program recognizes clubs that offer the most memorable membership experiences, the release adds. Clubs are evaluated in 10 categories, including golf, dining, fitness and clubhouse.

"Receiving the Distinguished Emerald Club designation for two consecutive years demonstrates our efforts to continually elevate the club experience for our members and their guests," says Aubrey Ferrao, CEO of Fiddler's Creek Community LLC, in the release.

Fiddler's Creek includes its signature 18-hole Creek Course, named among Golfweek Magazine's Top 100 Best Residential Golf Courses in the country for 12 consecutive years. Resort-inspired amenities at the 54,000-square-foot Club & Spa at Fiddler's Creek include a fitness center, tropical lagoon-style swimming complex, tennis courts and casual and elegant dining, according to the statement.
