

## Gulf Bay Homes Introduces Luxury Residences In Village Of Oyster Harbor In Fiddler's Creek

The breadth of residential offerings within the award-winning, master-planned community of Fiddler's Creek has now expanded to include new, luxurious, single-family residences by Gulf Bay Homes within the village of Oyster Harbor. This weekend, Gulf Bay Homes will introduce the Allamanda model, the first of three models debuting in the Oyster Harbor enclave, that showcases a coastal contemporary architecture designed exclusively for Gulf Bay Homes by the award-winning, Naples-based MHK Architecture and Planning.

Oyster Harbor residences reflect a notable departure from the more traditional, ornamental Mediterranean aesthetic, with a modern, coastal style that embodies relaxed elegance. With bright exteriors and clean and light-filled interiors that emphasize a seamless transition from indoor to outdoor spaces, Oyster Harbor's design offers residents the opportunity to experience sophisticated coastal living at its finest.

The Allamanda floorplan offers 2,629 air-conditioned square feet and features three bedrooms, three and one-half baths and an attached two-car garage. The Allamanda residence features open living and dining areas, and a generous, well-appointed kitchen, perfect for entertaining and gathering with family and friends. Stunning architecture and large sliding glass doors ensure that indoor and outdoor living spaces maximize views of sparkling lagoons and verdant marshes.

Oyster Harbor will also offer two additional unique floorplans – the Hibiscus and the Iris. Featuring four bedrooms, a study and three-and-one-half baths, the Hibiscus offers 3,119 square feet under air. The Iris offers three bedrooms, a study and three one-half baths across 3,426 air-conditioned square feet. All floorplans within Oyster Harbor include attached two-car garages and spacious, covered lanais that provide ample space to dine and entertain or simply relax while enjoying the magnificent landscape and sea salt breezes.

Join Gulf Bay Homes from 1-4 pm this Saturday and Sunday for the Grand Opening of the Allamanda model. Additionally, prospective buyers will have the opportunity to preview the Hibiscus and Iris models in Oyster Harbor, as well as multi-family offerings from Gulf Bay Homes in the village of Dorado.
